Newsletter 8

Dear Parents,

How are you all doing? I am writing this newsletter in what can only be described as incredibly surreal and challenging circumstances and just wanted to make sure that you felt in touch with Newdigate Infant School and our precious community as we tackle this new version of daily life. You are in our thoughts and our prayers and we wanted to say a huge thank you for all

Our value this half-term is thanks.
Chronicles 29:13 Now, our God, we give you thanks and praise your glorious name

We are thankful for what we have and will look after our world.

that you are doing with your children at home. We are trying desperately to provide the right level of work without overwhelming you. Currently teachers are looking at the best format to use after Easter and we are keeping in touch with other local schools to make sure we are all working together and taking a similar approach, although this may be different according to age and stage.

We have yet to really appreciate the beautiful new reception area that Pink Construction have created for us, but I have included a few piccies here to give you a flavour of what magic has been done in our old Early Years classroom! If you look closely you may even be able to spot a little fairy hiding in the logs! There is a new fit for purpose first aid/TLC station for our little ones and snazzy new offices for us to use. The space is bright and light and super safe and we have a great view of our drive and the spring flowers at the moment. A huge thank you goes out to our governors who have worked tirelessly to make this happen and to all of those people who so generously donated to the governor's fund. Donations are still welcome; contact us on our admin@newdigate.surrey.sch.uk e-mail for more

information. We will be rejuvenating our old spaces once we have moved our furniture and be able to provide even better spaces for our ELSA and other intervention work.

We know from experience that your children are amazing and resilient and we will get through this and become a thriving community once again.

Stay well and safe.

Paula Bliss
